

WARNING

P L E A S E R E A D C A R E F U L L Y

You must read the following information before using Nicros products.

Climbing is an inherently dangerous activity and serious injury or death may result from the physical demands of, or falls sustained while climbing.

NEVER attempt to climb without first receiving proper training.

NEVER climb without using proper safety gear.

NEVER climb without using an appropriate landing surface.

For traverse/bouldering walls, NEVER climb without a properly trained and experienced spotter.

For full-height climbing walls, NEVER climb without being belayed (either by an automatic belay device or a properly trained and experienced belay partner.) Remember to always clip into the Auto-Belay.

NEVER allow children to climb without adult supervision.

WARNING: Smaller handholds may be a choking hazard for children.

ALWAYS check the condition of the wall, hardware and handholds prior to climbing. Any damaged equipment or equipment showing signs of wear needs to be replaced prior to climbing.

ALWAYS check handholds to ensure they are properly mounted, secure and undamaged prior to climbing.

ALWAYS seek proper training and instruction before using products received from Nicros, Inc.

ALWAYS "Double Check" everything (the attachment, anchors, locking biners, etc.)

DO NOT use standard carbon-steel or aluminum products in direct contact with pressure-treated wood. For more information, please see the "Advisory on Fasteners and Connectors for Treated Wood" on our website.

DO NOT use or install any climbing products (handholds, etc.) without proper knowledge and training of how the products are to be used. For Handholds and Training Tools, see the enclosed Climb Smart three-fold brochure, called "Artificial Climbing Holds". For Ropes, Harnesses and other climbing equipment, refer to either the Climb Smart brochure or the manufacturer's labels and warnings. Contact the Outdoor Industry Association at 303-444-3353 for additional information or Climb Smart literature. The CWA (Climbing Wall Association) also offers Climbing Wall operational guidelines referred to as the "Industry Practices", for more information visit www.climbingwallindustry.org.

INSTITUTIONS (such as Climbing Gyms, Fitness Centers, Recreation Centers, Retail outlets, etc.) are responsible for the safety of their customers. It is important that the information provided by the Manufacturer is transferred to customers including information about the appropriate use and applications of all products purchased from NICROS. Institutions are responsible for the training employees receive and the maintenance of their own equipment and facilities.

PLEASE SEE THE BACK FOR IMPORTANT SAFETY AND WARRANTY INFORMATION

Important Safety and Warranty Information

DISCLAIMER OF LIABILITY

Climbing is an inherently dangerous and potentially hazardous activity. Seemingly small and insignificant mistakes may have catastrophic results that could result in serious injury or death. Individuals and organizations using products distributed by **Nicros, Inc.** bear the responsibility of learning the proper techniques and safety procedures required for their safe use. You, the purchaser, by accepting this package, have taken on all responsibilities of ownership and assume all risks and full responsibility for all damages or injury, including death and disfigurement that may result from the use or misuse of our product.

PLEASE NOTE

Indoor climbing is a different sport than outdoor climbing, each requiring individual techniques and safety procedures. While similarities exist between the two sports, the objective dangers are quite different. The serious consequences of mistakes in either sport make proper training mandatory.

LIMITED WARRANTY INFORMATION

Nicros, Inc. guarantees that products **manufactured by us** will be free from defects in materials and workmanship for a period of one year from the date of purchase or for as long as it is owned by the original purchaser, whichever is shorter. If you find what you believe to be a defect, **immediately discontinue use of the product** and return it to the place from which you purchased the product along with your original receipt and an explanation. This warranty does not cover damage caused by normal wear or over-tightening. Breakage due to alteration or misuse voids this warranty. **Nicros, Inc.** makes no other warranty, expressed or implied.

General and Specific Product Information

Please review all climbing equipment "Instructions For Use." Nicros strongly recommends reviewing the manufacturers web site for proper use, application, inspection, maintenance and retirement in accordance with the equipment manufacturers guidelines. Web site information is located on equipment packaging or hang tag. Please visit Petzl web site www.petzl.com to review their PPE (Personal Protection Equipment) section for important additional information.
